“Translating the Bible: From Luther to Today”

Translations of the Bible have led to martyrdom (William Tyndale, John Rogers), but they have also dramatically contributed to renewed faith and church life. Few translations have been as effective as Luther’s translation of the Bible into German in 1522 or the King James Version in 1611. Why are there so many translations today? How can this variety help in understanding the text?

“Gatherings”

According to the Gospels, people were gathered around Jesus during his earthly ministry for a variety of purposes: gathered to learn, gathered in fellowship, gathered for rest, gathered to be sent back into the world. Together we will explore several New Testament accounts of “gatherings,” seeking to be encouraged and challenged in our own lives as gathered people of God.
